## Location

Fez, spiritual capital of the kingdom of Morocco. Imperial and prestigious city of the Islamic world, many historical monuments, become universal heritage adorn the city whose medina is the most original and the most authentic of the kingdom.

Open to the civilizations of the world, Fez is a city of the Middle Atlas, surrounded by mountains and extensive valleys that have in fact one of the most beautiful cities of Morocco. Traditions and cultural modernisms mix in peace and harmony. Its gastronomy, its calm and its warm welcome are all assets to lead reflections in serenity.
